CSMS MEMBERSHIP SAFETY OATH

I promise to uphold and abide by the AMA SAFETY CODE, including the rules of the sites at which I fly. If I have a violation called to my attention, I will accept it with good grace and renew my dedication to the AMA SAFETY CODE and site rules. I promise to fly only model aircraft and radio systems with no known safety problems. I promise to fly model aircraft upon which periodic preventative maintenance has been performed by competent people. I promise to limit my flying style to my ability to keep my model aircraft under control. I promise to practice maneuvers which are beyond my present skills only at a safe altitude and with the help of a competent instructor.
